

Welcome to DESI TECH'S HOW TO DO App.

First let me introduce to you with Nolu. She is your voice assistant and will tell you “How to to do” almost anything you want to know.

How it works:

1: Click on the START button. Nolu will greet you and ask you what you want to know.

2: After that do not forget to tell her “Hello”.

3: Then she will tell you what you want to know.

4: You can just ask her anything. She will tell you.

For example you want to know how to make a cake. For that just ask her “how to make a cake”. And she will tell you that to step by step.

5. To close the app just tell “Goodbye”.

DESI TECH IS COMMITTED TO MAKE YOUR LIFE EASIER
AND SMARTER. KEEP ENJOYING How To Do App.
